ALEXANDRIA AGENCY

OF THE

Paid up Capital and Surplus...... 2,194,111 02 SECURITY TO POLICY HOLDERS.

THIS old and responsible Company insures against loss or damage by Fire, almost every description of property, and offers to Merchants and others desiring insurance, the security of an actual Capital of \$6,298,800, for the whole of which, and for any liabilities beyond, the Shareholders are INDIVIDUALLY RESPONSIBLE, even to the extent of their entire fortunes. The Shareholders number about one thousand, and as a large portion of these are persons of great wealth, the most ample provisions exist for meeting every possible claim against the Company. SUBJECT TO THE LAWS OF THE UNITED

STATES. In appointing an Agent for the United States, the Company has empowered him "to appear to and accept any action or legal proceedings instituted against or by said Company, in the same manner as if the Company were a Corporation or Company established by the laws of the United States, or any of the several States."

PROVISION FOR PAYMENT OF LOSSES IN THE UNITED STATES. A SPECIAL PERMANENT FUND HAS BEEN PLACED AT THE DISPOSAL OF THE AGENT AT PHILADELPHIA, TO ENABLE BIM TO ADJUST AND PROMPTLY PAY ALL LOSSES, WITHOUT REFERENCE TO LONDON.

LIBERAL TO THE INSURED. The uniform course of the Company has always been a liberal one towards Policy Holders. No just claim has ever been disputed, and prompt payment of losses is a standing rule. During the past year, losses exceeding \$525,000 were paid. Losses paid as soon as the amount is ascertained. ANNUAL INCOME.

The Income of the Company is now about \$1,-900,000, increasing gradually each year, showing that it has the confidence of the different commutities in which business is done. RATE OF PREMIUM.

The Rate of Premium will be moderate, and in all cases will be based upon the character of the owner or occupant, and the merits of the risk. The conditions of Insurance are framed with the greatest liberality.

CAPITAL OVER 350,000 DOLLARS, AND CONSTANTLY INCREASING. The Charter of this Company offers more favoraole advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium meash, or by effecting a cash insurance for two years, the insured saves one eighth of the amount ie would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand even hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering pros pects of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this Company a reputation for cheapness and safety not surpassed by any Company in the U. States. All differences in settlement of losses, may be determined by three disinterested arbitrators of the County where such loss happened, to be mutually

chosen by the insured and the Company. DIRECTORS: James T. Close. H. W. Thomas, Thomas T. Hill, T. B. Robertson. R. H. Carter, Dr. R. H. Stabler, Wm. Wright, Christopher Neale, R. F. Lester, P. D. "A REMARKABLY FINE ALE .- Mr. Davison's successor in the Washington Brewery, corner of turing XX ale and porter and brown stout, all of and are prepared to furnish Dealers and Farmers which reflect infinite credit on his establishment. His ale compares favorably, indeed, with the best Philadelphia and Albany ales, being, according to our taste, much more like the best English and Scotch ales than those imported from either of those cities. If he continues to produce so superior an article, he will shortly make a reputation for his brewery surpassing that of any Northern establishment.'

Having an experience of over 20 years in the business, and possessing extensive manufacturing facilities, he flatters himself that his ALES will compare favorably

with any manufactured, either in or out of the

State of Virginia. If necessary, he could fill columns with the many flattering testimonials he has received with regard to the superiority of his ALES, from the press and the public; but he prefers that his ALE shall speak for itself. By a strict personal attention to business, and

a determination to manufacture nothing but a Fall importation of 195 crates and hogsheads of superior quality of PURE ALE, he hopes to merit a share of public patronage. BOTTLED ALE AND PORTER, put up expressly for family use, constantly on hand.
